When I met the polygamist

asked what’s it like
getting all that fucking?

Leave it to you to shun
the spiritual.

Yeah, leave it to me.

Hypocrites from the Satanic
Vale.

Question stands, lechers
from the grove of horseshit.

Revelations from God
tell us when to marry.

Fuck your brains out
and collect welfare.

I’ll pray for you.
God wants all

of us paying
for babies.

That stops me!
of course. When I think
that microcephalics

like you run this
formerly intellectual-
ly proud country!
